‘SunPatiens® Variegated Spreading White’
American Garden Award 2011 Grand Prize Winner

Finally, an Impatiens for the sun: SunPatiens® Variegated Spreading White. Surprisingly, it also performs well in shade and cool climates, surviving until the first hard frost, making it a three-season favorite. The large white flowers and striking variegated foliage make it an ideal plant in the night garden.

- Fast growing and easy to care for
- Thrive in either full sun or shade
- New growth covers faded blooms quickly
- Perfect for hanging baskets, patio containers and garden beds
- Mounded habit, 30-40” tall
- Up to 36” wide
- Good wind and rain tolerance
